The Chief

Joseph Case High School • Swansea, Massachusetts

Dedication

Joseph D. Santos

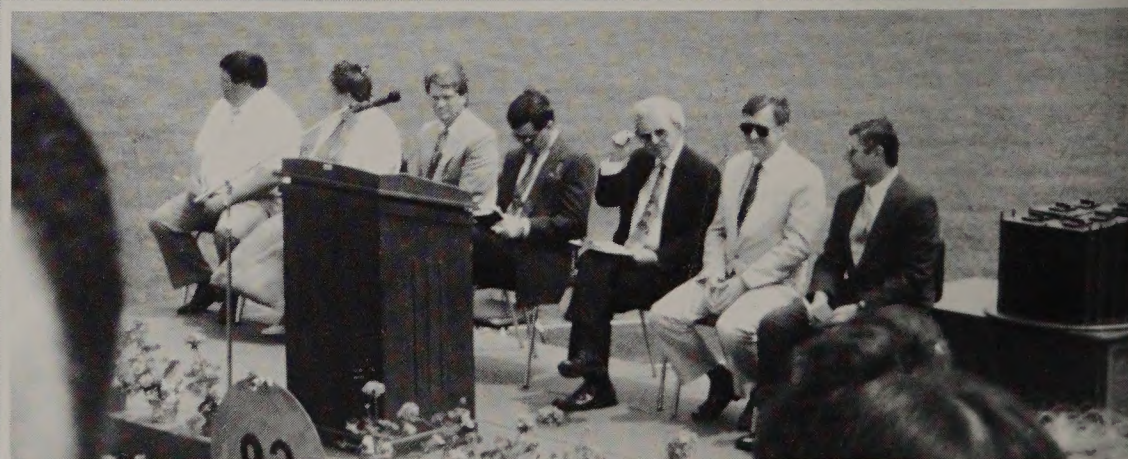

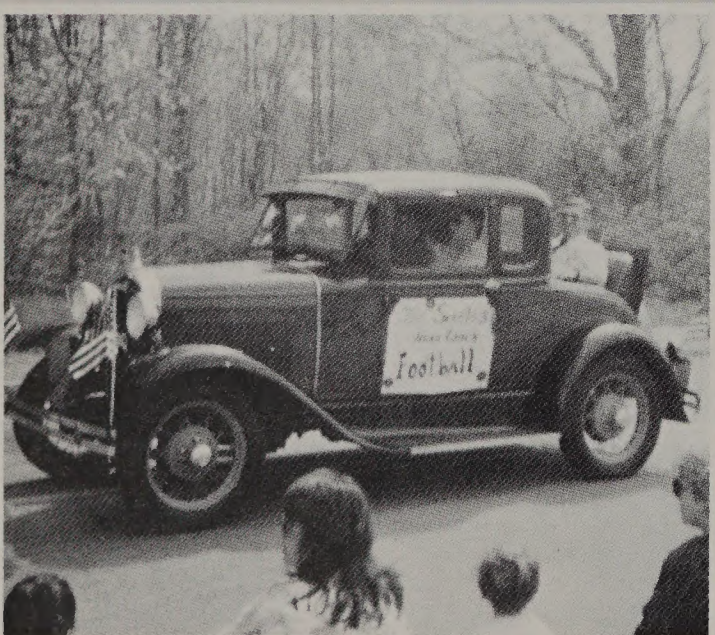

The Class of 1993 dedicates its yearbook, *The CHIEF*, to Mr. Joseph D. Santos. He got this dedication the old-fashioned way; he earned it.

The students see him as a firm disciplinarian. He is considerate and flexible but he does uphold the rules of the school that students must live up to. He cares about the students and the school and he works to make them successful. Then in his quiet relaxed manner he gets students and faculty working toward the same goals. This is what leadership is all about and Mr. Santos is a leader. He has been a leader during all his years at Case High, first as a student-athlete, then as a teacher, coach and supervisor. In each position he has produced success. As a coach he taught not only the fundamentals of the game but also lessons that can be applied to life. Now he brings his lesson plans and work ethic to his new position of Assistant Principal. He has set positive goals to improve the educational climate for all students at Case High and he works long hours to achieve them.

He commands more than just our respect and attention. He represents to us a level of success that Swansea and Case High School have produced. Mr. Santos is a graduate of Case High, Class of 1964. He now is a role model for all present and future Case students to emulate. And the best part is that Mr. Santos will help them to do it.

We gratefully dedicate the 1993 yearbook to Mr. Joseph Santos.

Class Of 1993

Joseph Case High School • Swansea MA

Let me take this opportunity to share the thoughts of some famous Americans with the graduating seniors. Former President John Kennedy once said, "Just because we cannot see clearly the end of the road, that is no reason for not setting out on the essential journey. On the contrary, great change dominates the world, and unless we move with change we will become its victims."

Kennedy's brother, the late Robert Kennedy declared, "Each time you stand up for an idea or act to improve the lot of others, or strike out against injustice, you send forth a tiny ripple of hope. Crossing each other from a million different centers of energy and daring, these ripples build a current that can sweep down the mightiest wall of oppression and resistance."

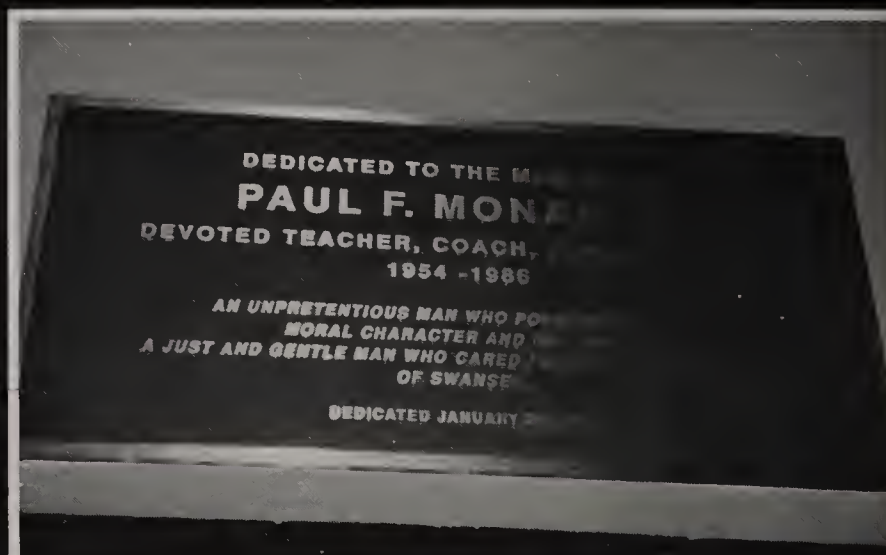

President Bill Clinton concluded his inaugural address by stating, "As we stand at the edge of the 21st century, let us begin anew with energy and hope, with faith and discipline and let us work until our work is done."

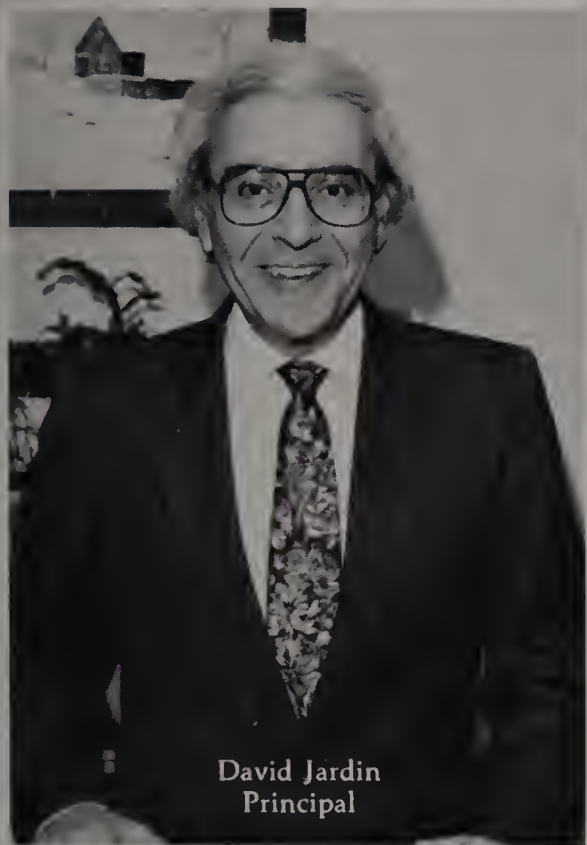

I believe that you are ready for the journey, that many ripples of hope will come from your kindness, caring, and wisdom, and that the 21st century belongs to you. "Live long and prosper", (Mr. Spock, a famous Vulcan).

Dear Graduates:

The graduation ceremony and the diploma you receive tells the world that you are ready to go ahead to the next step of your lives. You have passed through an important part of the learning process. If it has been completely successful, the main thing it has taught you is how much more there is to learn. An American writer of the nineteenth century, Bayard Taylor, recognized the importance of this when he said, "Learn to live, and live to learn."

As you graduate you are about to go out into a bigger world, where there are more people to know, more difficult jobs to do and more experiences to have than you have yet gone through. The staff, faculty and administration of Joseph Case High School hopes that your preparation here will hold you in good stead. We congratulate you. You have completed an important part of your education. Use it well.

Joseph D. Santos Assistant Principal

Dear Class of 1993,

Your class will be remembered here at Case High as one of the most outstanding groups to have passed through these doors. You have achieved success in many areas; academics, music, drama, and athletics. Other classes will have to strive very hard to surpass the standards set by the class of 1993.

It has been a great pleasure getting to know you and helping you to establish discipline in your life. I hope you will continue to keep a happy balance between self discipline and the pursuit of life's happiness. If you continue to get involved as you have at Case, you will find life greatly rewarding.

I'd like to wish you the members of the Class of 1993, good luck as you set out on your path though life.

Best of luck,

Joseph D. Santos

Missed opportunities cost Cardinals

THE SPECTATOR

DECEMBER 9, 1992

Case High's offense, which scored once and went inside the 20 yard line three other times in the first half, faltered in the second half while Cardinal Spellman of Brockton gained a new life and came away with a 21-6 victory in the Division IV Super Bowl game in Swansea on Saturday afternoon.

Assistant coach Bruce Cookson took over for head coach Dave Gibeau who watched the game nearby after voluntarily stepping down during the week. (See related story)

FURTADO SCORES

The Cardinals scored on their first set of downs after Jay Furtado recovered a fumble on the opening kickoff, then moved the team 39 yards scoring himself.

Three other times the Cards moved inside the 20 yard line getting to the 17, eight and 17 again. On those occasions they missed two field goal attempts and had a touchdown pass from Furtado to Keith Sullivan called back.

The Cardinals had also dominated much of the play with Spellman getting as close as the 18 one time before they tried and failed a field goal attempt.

The second half was a completely different story as the Spellman Cardinals came out and scored on their first possession on a 78 yard screen pass from Scott Conroy to Eric Whitman. The point after kick failed and the game was tied at 6-6 with 7:09 left in the third quarter.

At the start of the fourth quarter, Spellman began a 14 play scoring drive on their own 31 yard line.

Running backs Whitman and Kirk Bynoe did the bulk of the ball carrying up the middle as the team progressed towards the goal line.

IN RIGHT PLACE

After reaching the four yard line, Spellman fumbled but the ball was recovered by Sean Roach in the end zone. Conroy then ran in for the two point conversion to make it 14-6 with under five minutes left.

After the Cards failed to move the ball they were forced to punt, but all-star punter Jay Furtado was suffering from leg cramps and Steve Viveiros got the call. A low snap went between his legs and was recovered in the end zone by Liam O'Hair for the final score. Whitman's extra point kick was successful.

Late in the fourth quarter the field was engulfed by a snow squall coming from the north and right into the faces of the Cardinals who were moving south to north.

CASE SCORES FIRST

The game began with Whitman taking the opening kickoff and moving past Cardinal defenders until he was hit and fumbled. Furtado picked up the ball and went to the Spellman 39 yard line.

From there he hit Joel Fernandes with a pass on the 15 yard line. After a three yard loss, Matt Rapoza carried to the four and then again to the one where Furtado went over. The extra point failed but Case had a 6-0 lead at the 8:57 mark of the first of four 11 minute quarters.

The Case defense was tough on Spellman with Keith Holleran bringing down one runner for a four yard loss and then Jay Perry intercepting a ball to give Case good field position in Spellman territory. Case went as far as the 15 before Furtado's field goal attempt was deep and high enough, but wide of the goal posts.

Spellman then drove the ball to the Case 15 before Steve Gill and Sullivan dropped Bynoe for a three yard loss and a field goal attempt missed.

Spellman drove on the Case 37 but a Holleran tackle and two incomplete passes ended the drive.

Case began for the Spellman 40 with Furtado hitting Sullivan with a 24 yard pass to the Spellman 35. Facing a fourth and eight situation, Furtado again hit Sullivan on the 14 yard line.

Rapoza went to the 10 and then Furtado to the eight with an incomplete pass ending the drive. Furtado then tried another field goal and that was wide.

Case drove one more time taken the ball on the Spellman 49 with 2:13 remaining in the half.

After two incomplete passes, Furtado hit Sullivan on the 37 for a first down.

Furtado then ran for eight yards to the 29 and then Gill carried to the 17 with 1:29 left.

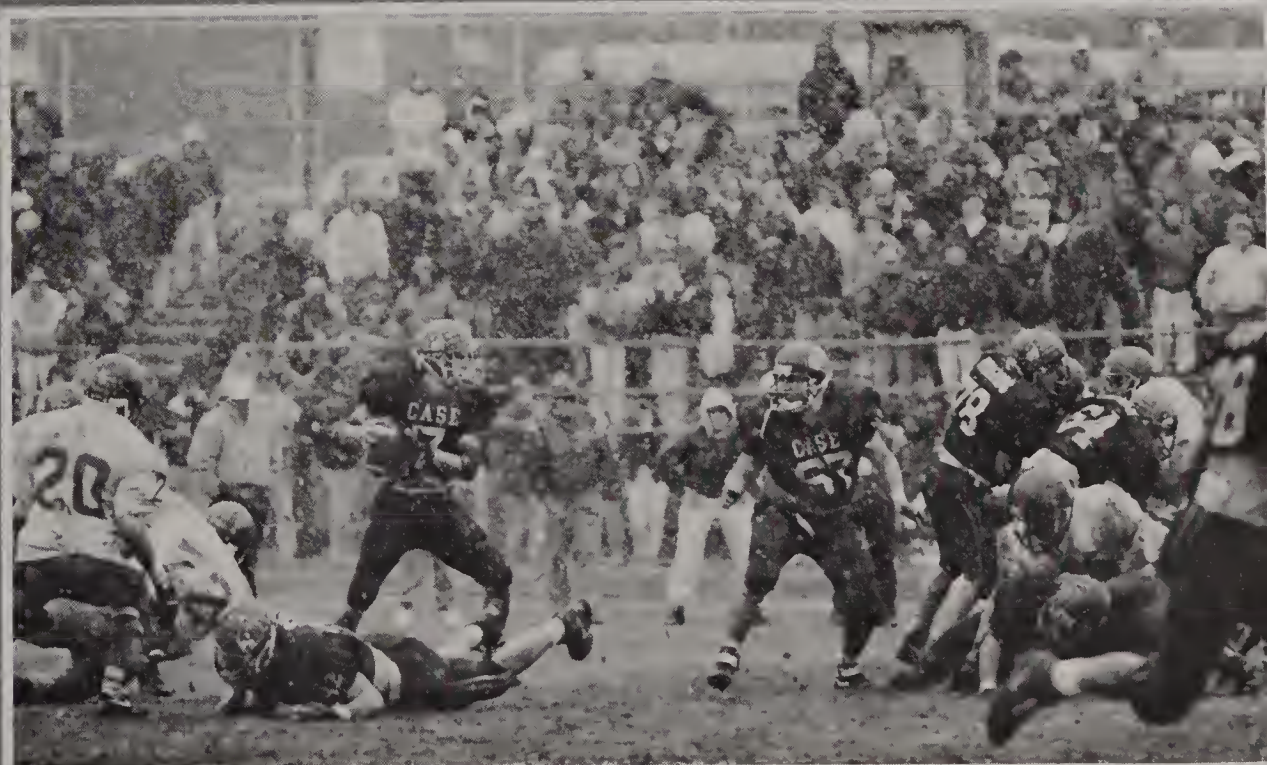

After an incomplete pass, Furtado connected with Sullivan again and the big end ran and just got the ball over the line into the end zone. However the call was ineligible receiver down field and called the play back. The drive ended on fourth down with an interception by Bynoe.

Furtado recovered a fumble to give Case the ball one more time in the half but ended up on the Spellman 45.

The second half began with Case taking the kickoff and after a 10 yard penalty, Rapoza carried 16 yards to the 45. Gill later brought the ball into Spellman territory on the 47 but the drive ended on the 50.

Medway offense over Cardinal defense

In a match that highlighted Medway power and Case defense the defending state champion squad stopped the Cardinals in five sets last Tuesday night at Wheaton College in Norton.

Coach Christine Stanton's South Coast Conference champions won the first set 15-13, lost the next two 15-8, 15-6 then won the fourth 15-8 before losing the fifth by the same 15-8 score.

Case excelled on defense but just did not have the power to overcome Medway's size.

"After the game when we were shaking hands I was amazed at the size of the Medway girls," said coach Stanton, "they not only were tall but they were powerful."

"I think our team played the best they could," said coach Stanton, "when we had our chances, the Medway girls were able to close the gaps with their defense."

"They had three girls who were about six feet or over," the coach added, "if we had had one more hitter it might have been a different story."

In the fifth game, Medway showed their power as they were able to put the ball away while the Cardinals continued to battle on defense.

"The Medway coach remarked on how well our team played on defense, but as I told him if we had a little more offense the results might have been different," coach Stanton noted.

The coach praised the defensive backcourt work of Pam Kelly and Lisa Sousa along with Kim Benoit on offense who led the squad with 19 kills.

Michelle Lima was a standout around the net while Becky Antunes also stood out there.

Teresa O'Brien and Joann Furtado played well on defense with Tracy Ouellette and Kelly Smith also seeing action.

Case had a 5-3 lead in the final set but the Medway power gave them the lead that they would not relinquish.

"Medway did not make any mistakes in the fifth game," the coach noted, "they were all over the place on defense and had an offense that could put the ball away."

Case came into the game pumped up and scored nine of the first 10 points before settling in for a 15-13 win.

After Medway won the next two sets, the Cards broke loose in the fourth set taking a lead they would not give up as Lisa Sousa closed it out with a decisive ace on her serve.

Coach Stanton noted that she was proud of the way her girls played against a very good Medway squad.

"Our team continued to improve as the season went along, they are a great bunch of athletes who love the game and never give up," said coach Stanton. "Their skills improved immensely from the start of the season to the end."

In the eight years that the conference has been in existence, the Cardinals are still the only team to win a South Coast Conference title in volleyball.

MICHELLE LIMA has been one of the standouts for Case High's volleyball team which went into the Eastern finals on Tuesday. (Bill Hall photo)

Cardinals in Eastern volleyball finals

Case High's varsity volleyball team was scheduled to meet defending state champion Medway in the Eastern finals of Division II at Wheaton College on Tuesday night (past press time).

Last week, coach Christine Stanton's squad disposed of three South coast conference rivals to win the South Sectionals. After beating Bourne and Old Rochester at Westport High on Monday and Wednesday, the Cards stopped the only team to beat them all year, Seekonk at Wheaton College on Friday night.

Seekonk won the opening set 15-11, but the Cardinals came back to win the next three at 15-3, 15-10, 15-6.

Once again the Cardinals showed the all around steady play which has

made them so tough this year. No one person stands out, just a complete team effort with no real weaknesses.

Pam Kelly was outstanding again with her hard serves while Michelle Lima, Becky Antunes, Teresa O'Brien, Priscilla Moss, Lisa Sousa, Kim Benoit and Tracey Ouellette also contributed key points along the way.

There is so much balance on the team that coach Stanton can substitute freely without concern of giving something away in talent.

On Wednesday, Case dispatched Old Rochester in straight sets, 15-12, 15-7, 15-6 thanks in part to the crisp hitting and blocking of Kim Benoit.

Lisa Sousa was again effective on the service line as were Kelly, Moss and Lima.

Thank you St. Anne's

Student Loans For All Types of Students

If you're planning to further your education in college, graduate school, technical or vocational school, or nursing school, finding ways to pay can be a problem. Scholarships and summer jobs can help, but you'll probably need some additional form of financing. At St. Anne's Credit Union we have loans for students...loans for parents of student...and even loans for students or parents with homes.

To find out more about all our Student Loan programs, stop by any of our offices, or contact our Loan Department at (508) 676-8581.

Membership at St. Anne's Credit Union is open to anyone living or working in Greater Fall River, Bristol County, Plymouth County or Barnstable County.

Main Office:

286 Oliver Street, Fall River, MA 02724 • (508) 676-8581
